

COORDINATION, COOPERATION & COLLABORATION

COORDINATION

*Harmonious functioning of parts for effective results
Helping each other but not changing the basic way of doing business*

Sharing information
Making referrals
Coordinating schedules
Listing Each Other's Events in Newsletters
Make initial compromises

COOPERATION

*Common effort and association for the purpose of common benefit
Helping each other in specific ways*

Several agencies providing different services to the same family
Developing a community-based coalition to address a need
Beginning to develop trust and see better ways of doing things

COLLABORATION

*To work jointly with others on a common goal that is beyond what any one person
or group can accomplish alone*

Planning jointly
Pooling resources
Evaluating outcomes together
